

Grant application form

The NEUROMATH COST action will provide several grants to help students covering expenses towards attending the School. Interested students who wish to apply for the grant will have to submit this form, along with their curriculum and an application letter. In this application letter the candidate will describe his past activities, his expectation from the school, and how he intends to use the knowledge acquired for his career. The letter will be written in English. Selection will be based on academic merit and research potential. Successful candidates will have their fees reimbursed plus partial coverage of their accommodation stay.

To be returned by email: school2010@heart.med.upatras.gr

or by fax: +30-2610-969166

or by mail: 5th International Summer School on Emerging Technologies, Medical Physics Dept.
